REMARKS

No objections. However, FR's hand appears heavy page 15. Also I see no delineation of approval authority among D/sec / DD/Sec or DD/PS1.

This is a hurried review. My general impression is that there is much DDD footprints activity, little OS, and a lot of open-ended authority. This is a complete reversal of the spirit of EO 12036, and a return to the good old days.

DO NOT use this form as a RECORD of approvals, concurrences, disposals, clearances, and similar actions
